

## **Equipment Energy Efficiency Home Entertainment Energy Efficiency Forum**

**19<sup>th</sup> April 2011  
9:00am – 5:00pm**

**Stamford Grand North Ryde  
Corner Epping Rd & Herring Rd  
North Ryde, NSW 2113**

On behalf of the Equipment Energy Efficiency Committee, I am pleased to invite you to attend the 2011 Home Entertainment Energy Efficiency Forum. Attached is the agenda which sets the government agenda, reports on past activity, looks to set the agenda for future activity and seeks comment from key stakeholders.

This consultation event will review regulatory activities in 2010 and propose work for the forthcoming year. At the meeting, participants will also be invited to join working groups addressing regulatory endeavours for specific types of home entertainment equipment with these working groups meeting the following day (20 April 2011). Participants will be briefed on recent compliance activities and gain an insight into regulators' planning. The Equipment Energy Efficiency Committee also invites you to attend a dinner immediately following the consultation at the same venue.

There is no charge for attending the consultation event or the dinner. The organisers request participants to register (thereby creating a mechanism to keep interested persons informed of developments and to ensure adequate catering). Please register your interest in attending with Amber Forster by telephone on 02 8007 7033 or by Email: [amberf@digitaltesting.com.au](mailto:amberf@digitaltesting.com.au).

You may care to pass this invitation to any industry stakeholder you believe would be interested in attending such an event. I look forward to meeting you at the Stamford Grand Hotel in North Ryde on the 19<sup>th</sup> April 2011.

Allan Booth  
Assistant Director  
Appliance Energy Efficiency Team

# Home Entertainment Energy Efficiency Forum
